- 1 Draw a line down the middle of a piece of paper.
- 2 Ask a member of your family to draw or paint one half of Tower Bridge on one side of the page – they could use pencils, crayons, pastels or paint.
- 3 You could ask an older brother, a younger sister, an aunty, uncle, parent, or grandparent!
- 4 Then, when they finish you can draw or paint the other half.

They don't need to use the same piece of paper as you, if they live far away, you can do your drawings on different pages, and send them to each other as a photo on your phone or computer. Put them together side by side, and see the result!
